

Innovative Technology Can Transform Student Writing

This session will provide a guided demonstration of SAS resources and tools in the Writing Reviser toolbox. Participants will work through the revision process and see firsthand the impact of the program on essay structure and on sentence economy, variety, and clarity. Participants will also use resources that reinforce key concepts, such as selecting forceful verbs, eliminating needless phrases, and so on. Attend this session to see how these resources—offered at no cost—can enhance online and blended learning.
